

Staff Activities

Dr. Muhammed Şahin from the Department of Civil Engineering joined the following TV programs,

- “Üniversite Tercihleri” on TV 24 on June 23, 2016.
- “İş Dünyası” on BloombergHT on June 24, 2016.

Dr. Muhammed Şahin has been awarded with a plaque by Turkish Industrialist Businesswomen and Businessman Confederation for his contribution in education on June 25, 2016.

Dr. Muhammed Şahin and **Dr. Derin Ural** from the Department of Civil Engineering and **Dr. John McKeown**, the Director of Foreign Languages Department, hosted a meeting with the Israel Consul General, H.E. Shai Cohen and his administration on June 9, 2016, at MEF University. Future partnerships were discussed during the meeting.

The article “[Eğitim Sistemimizin Tümü: Çoktan Seçmeli Sınav](#)” of **Dr. Erhan Erkut** from the Department of Industrial Engineering has been published in Hürriyet on June 6, 2016.

Dr. Derin Ural, from the Department of Civil Engineering was invited to attend the [European Women Rectors Association \(EWORA\)](#) Inaugural Meeting which was held at University Foundation, Brussels on June 20, 2016. She was invited as she has served as a former Vice Rector of Istanbul Technical University.

Dr. Duygu Tas from the Department of Industrial Engineering attended "Marie Skłodowska-Curie Actions From Participation to Association Meeting" held on June 13, 2016 at Bahçeşehir University, Istanbul. This meeting aims to help the Associated Countries, especially those that recently signed the association agreement, to improve their participation in submitted and successfully evaluated proposals.

Faculty Seminars

Dr. Tuba Ayhan presented a seminar entitled "Design and implementation of mm-precise ranging for indoor positioning systems" on June 2, 2016. Dr. Ayhan received her B.Sc. and M.Sc. degrees in Electronics Engineering from Istanbul Technical University, Istanbul, Turkey, in 2008 and 2010, respectively. She studied machine olfaction and cellular neural networks and she was a visiting researcher at The Institute for Nonlinear Science, University of California San Diego (UCSD) during her masters. In 2015, she received her Ph.D. degree in Applied Sciences from University of Leuven (KULeuven), Belgium on electronic localization systems. Since 2015, she is working as a research assistant at Istanbul Technical University.

Faculty Seminars

Dr. Gökhan Bora Esmer presented a seminar entitled "Three-Dimensional Visualization and Holography" on June 20, 2016. Dr. Esmer received his Ph.D. degree in Electrical and Electronics Engineering from Bilkent University, Turkey in 2010. He worked as an instructor at the same department in the following semester. In 2011, he joined the Faculty of Engineering at Marmara University, Istanbul, where he is an associate professor. His research interests are in the areas of 3D visualization techniques, digital holography and computer-generated holography. He is a member of IEEE and OSA.

Dr. Özlem Acar presented a seminar entitled "A Stochastic Model For Estimating Groundwater And Contaminant Discharges From Fractured Rock Passive Flux Meter Measurements" on June 22, 2016. Dr. Acar received her B.S. and M.S. (Hydraulics) degrees in Civil Engineering from Middle East Technical University, Ankara. She obtained her Ph.D. degree in Hydrology/Water Resources from the Civil and Coastal Engineering Department of University of Florida, USA. She worked as a postdoctoral research associate at the Geosciences Department of University of Wisconsin (Milwaukee), USA and at the Geological & Atmospheric Sciences Department of Iowa State University, USA. Additionally, she has nine years of working experience with the consultant firms on various hydraulics and water resources related projects.
