Staff Activities

Dr. Özgür Özlük, from the Department of Industrial Engineering, gave a speech entitled “Faster Data, Smarter Cities” in Future Engineering- Data Analytics Seminar at Bilgi Üniversitesi on March 20, 2017.

Dr. Semra Ağralı, from the Department of Industrial Engineering, gave a speech on “Farklı Sektörlerde Endüstri Mühendisliği Uygulamaları” in [MEF Lisesi Öğrenci Kişisel Gelişim Programı](#) at MEF Okulları on March 24, 2017.

Meetings

Dr. Muhammed Şahin, from the Department of Civil Engineering, met with Lincoln McCurdy, the president of Turkish Coalition of America, in Washington on March 15, 2017.

Dr. Muhammed Şahin also met with Steven KNAPP, the president of GWU in Washington on March 16, 2017. Discussions were held on Flipped Learning and 3+2 programs.

Student Groups

Department of Industrial Engineering performed a successful activity day for high school students from different schools in İstanbul as one of the events of “Lise Öğrencileri için Mesleklerle Tanışma Etkinlikleri.” In the first part of the event, students are introduced to linear programming modeling techniques and sensitivity analysis through manufacturing chairs and tables by using Lego™ pieces. Then, in the second part, students played a variation of the game Goldratt described in his "novel", the Goal (North River Press, 1992, pp. 104-112). During this game, the effect of the variation in the production amounts between time periods is analyzed. **Dr. Semra Ağralı**, **Dr. Özgür Özlük** and **Begüm Bektas**, from the Department of Industrial Engineering, organized these fun activities.

Faculty Introductions

Dr. Muhammed Şahin from the Department of Civil Engineering introduced MEF University to the students in Şanlıurfa on March 30, 2017.

Dr. Semra Ağralı introduced the Department of Industrial Engineering to the students of Pertevniyal Lisesi on March 9, 2017 and of SEV Amerikan Koleji on March 28, 2017.

Dr. Alper Yıkıcı introduced the Department of Civil Engineering to the students of Fatin Rüştü Zorlu Anadolu Lisesi on March 9, 2017.

Dr. Begüm Bektas introduced the Department of Industrial Engineering to the students of Fatin Rüştü Zorlu Anadolu Lisesi on March 9, 2017.

Faculty Seminar

Dr. Kerem Uğurlu presented a seminar entitled “Decomposability and time consistency of risk averse multistage programs” on Mart 15, 2017. Dr. Kerem Ugurlu is currently a research associate at University of Washington, Seattle in applied math department. He is affiliated with computational finance and risk management (CFRM) masters programme. Dr. Ugurlu's research is on applied probability and stochastic optimization and its applications in finance. He holds a Ph.D. in applied mathematics from University of Southern California. Formerly, Dr. Ugurlu earned his B.Sc. and MSc. in computer science and engineering and mathematics from Sabanci University.
