

Staff Activities

Dr. Muhammed Şahin, from the Department of Civil Engineering, attended as a guest to the following TV programs,

- “Yolun Başındayken” at HaberTürk on July 13 and 22, 2017.
- “Üniversiteye Doğru” at A Haber on July 17, 2017.
- “Sait Gürsoy ile Başarıya Doğru” at CNNTürk on July 22, 2017.

Milliyet and **Star** published the reviews of **Dr. Muhammed Şahin** on “Academic Staff” and “Professions of the Future” on July 20, 2017 and July 23, 2017.

Dr. Muhammed Şahin and **Dr. Mehmet Fevzi Ünal**, from the Department of Mechanical Engineering, attended Union of Municipalities meeting on Flipped Learning at MEF University on August 18, 2017.

Dr. Muhammed Şahin and **Dr. Erhan Erkut**, from the Department of Industrial Engineering, joined the TV program “Sait Gürsoy ile Başarıya Doğru” on CNNTürk on July 16, 2017 and “Doğru Tercih” on NTV on July 20, 2017.

Dr. Mehmet Fevzi Ünal attended as a guest to the following TV programs,

- "Sait Gürsoy ile Başarıya Doğru" at CNNTürk on July 18, 2017.
- “Üniversiteye Doğru” at A Haber on July 21, 2017.
- "Tercih Rehberi” at TV Net on July 21, 2017.
- “Yolun Başındayken” at Haber Türk on July 22, 2017.

Dr. Erhan Erkut attended as a guest to the following TV programs,

- “Yolun Başındayken” at Haber Türk on July 19, 2017.
- “Gündem Özel” at CNN Türk on July 21, 2017.
- “Okul türlerine göre LYS başarı oranları” at Medyascope on August 10, 2017.

The reviews of **Dr. Erhan Erkut** on “Assistant Professors” and “University Entrance Exams” have been published in **Dünya** on August 06, 2017, **Hürriyet** on August 09, 2017 and **Cumhuriyet** on August 10, 2017.

Dr. Özgür Özlük, from the Department of Industrial Engineering gave a presentation on “Data Analytic” in the program of Startup Academy: Entrepreneur of 21st Century on July 10, 2017.

Staff Activities

Dr. Şefik Suayb Arslan, from the Department of Computer Engineering, gave a seminar on “Founsure 1.0: An Erasure Code Library with Efficient Repair and Update Features” organized by TÜBİTAK BİLGEM on August 24, 2017.

Awards

Dr. Canfuad Delale, from the Department of Mechanical Engineering, is awarded a 1001 Scientific and Technological Research Funding Program grant for his project entitled “Improvement Of Simplified Cavitation Models To Determine The Cavitation Performance Characteristics Of Centrifugal Pumps” by TÜBİTAK.

Dr. Ebru Arısoy Saraçlar, from the Department of Electrical and Electronics Engineering, is awarded a grant for her project entitled "Spoken Lecture Processing for Personalized and Adaptive Learning" by The Scientific and Technological Research Council of Turkey (TÜBİTAK) within the scope of 3501- The National Young Researchers Career Development Program. The aim of this program is to encourage young scientists who are going to be the academic leaders of the 21st century and maintain their careers as researchers and lecturers in the best possible way in order to improve the national scientific level and increase the role of science in national development.

The project entitled "Determining the Most Vulnerable Components and Improving the Operational Resilience in Transportation Networks" will be funded by The Scientific and Technological Research Council of Turkey (TÜBİTAK) within the scope of 1001- The Support Program for Scientific and Technological Research Projects. The aim of this program is to support research in Turkey for generating new information, interpreting scientific findings, or solving technological problems on a scientific basis. The project team involves Dr. Necati Aras (project manager) from the Department of Industrial Engineering of Boğaziçi University and **Dr. Hande Küçükaydın** (researcher) from our Department of Industrial Engineering.

Publication

The paper entitled “[A Novel Business Model Frame for Innovative Startups](#)” by **Dr. Dante Dorantes**, from the Department of Mechanical Engineering, was published at the Research Journal of Business and Management V.4, Iss.2, p.126-137.

Conference

Dr. Muhittin Gökmen, from the Department of Computer Engineering, attended the 19th International Conference on Human Computer Interaction (HCI 2017) held in Vancouver, Canada on 9-14 July 2017, to present the paper entitled “Facial Expression Recognition from Still Images, co-authored by Bilge S. Akkoca Gazioglu and Muhittin Gökmen.

Conference

Dr. Semra Ağralı, from the Department of Industrial Engineering, participated the 37th National Operations Research and Industrial Engineering Congress (ORIE 2017) which was held at Yıldız Technical University, Istanbul on July 5-7, 2017. **Dr. Ağralı** made a presentation entitled "Birlikte Üretim Sistemlerinde Optimizasyon Modelleri ve Özel Çözüm Algoritmaları".

Dr. Hande Küçükavdın, from the Department of Industrial Engineering, participated the 37th National Operations Research and Industrial Engineering Congress (ORIE 2017) which was held at Yıldız Technical University, Istanbul on July 5-7, 2017. **Dr. Küçükavdın** made a presentation entitled "Zaman Pencere ve Değişken Hareket Zamanlı Bir Araç Rotalama Problemi İçin Dal-Fiyat Algoritmaları".

The study entitled "Branch-and-price Algorithms for a VRP with Time Windows and Variable Departure Times" of **Dr. Hande Küçükavdın** was presented by one of the co-authors in the 21st Conference of the International Federation of Operational Research Societies (IFORS 2017) which was held in Quebec City, Canada on July 17-21, 2017.

Dr. Duygu Taş, from the Department of Industrial Engineering, participated the 37th National Conference on Operations Research and Industrial Engineering (YAEM 2017) held at the Yıldız Teknik University, Istanbul on July 5-7 2017. Dr. Taş presented the paper entitled "Kapasite Kısıtlı Stokastik Parti Büyüklüğü Belirleme Problemi".
